**Michael Staudinger**

**November 15-18, 2021  
Annual Event- Virtual**

# EXTRA-ORDINARY CONGRESS 2021

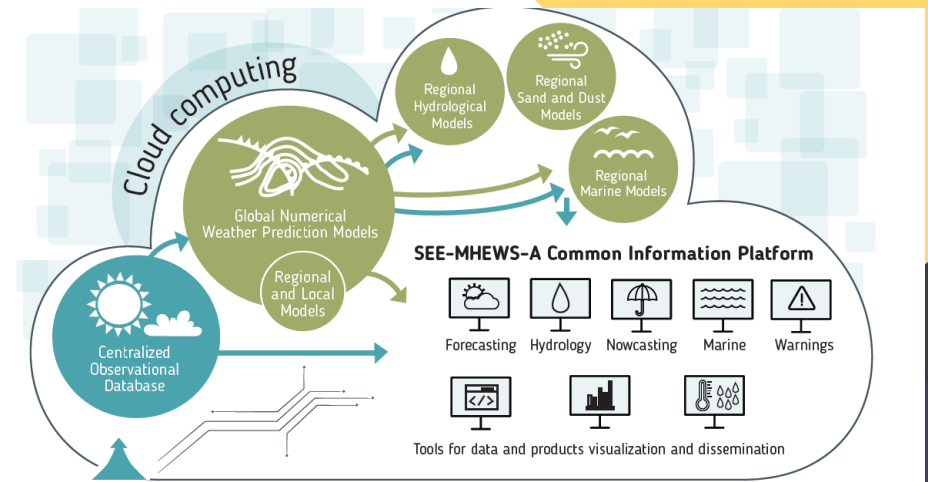

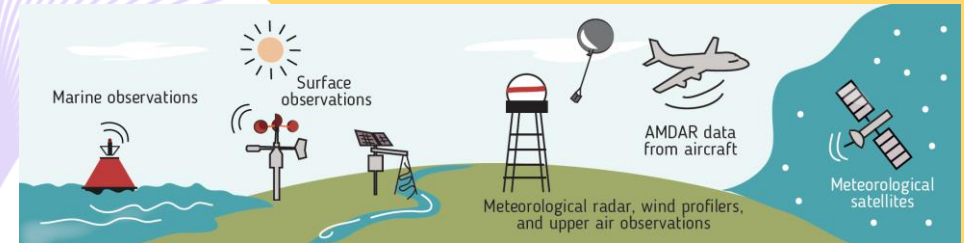

- **Comprehensive Review of the WMO Regional Concept and Approaches:**

“Sequencing the strategic and operational planning of WMO to start with the identification of the **key capacity gaps** and priorities from the regional associations, to be communicated to the EC and Cg to form the basis for the development of the strategic and operational plan of WMO **in support of concrete actions** related to regional priorities”

“Formalizing **relations with groupings** based on language/geographical/economic/political commonalities, Russian-speaking countries, as well as subregional/regional and interregional cooperation mechanisms, such as EUMETNET, Informal Meeting of the Directors of NMHSs of **south-eastern Europe ...**”

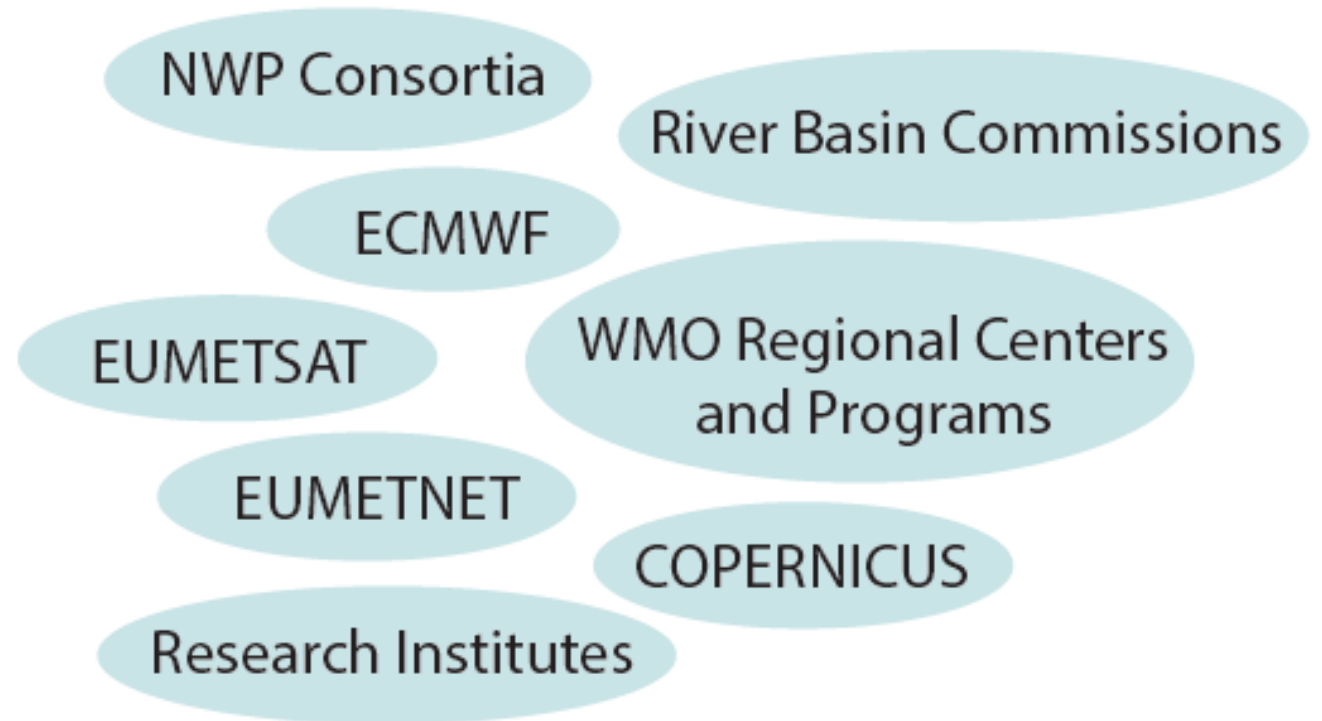

# GAPS

- Diverse data sources
- Lack of data exchange
- Common operation within EMI
- User oriented approach

# GLOBAL AND REGIONAL FRAMEWORKS

- European consortia to be used
